

Specialties

Specialty Shutters*

Specialty shutters are made of hardwood, finished to match the look of Norman shutters. Templates are required if shapes are not perfect circles or arches, or if they do not have straight sides. Delivery time is 8 weeks from confirmed date for all specialty shutters. All specialty shutters incur a surcharge.

* All frames for specialty shutter will be made as solid frames (not with insert). However, if there is a regular shutter below a specialty shutter and the frames for both shutters are separated by a divider strip, then the top frame will be made as a solid frame but the bottom frames will be made as regular frames with inserts. If the top frames and the side frames are not separated by a divider strip, both side frames and the bottom frames will be made as solid frames.

Arch Windows	Special Shapes	Angle Top
 <p data-bbox="178 982 325 1031">Quarter Round Sunburst</p>	 <p data-bbox="829 982 1018 1031">Louvered Arch w/ Center Tilt Rod</p>	 <p data-bbox="1459 982 1575 1006">Angle Top*</p>
 <p data-bbox="556 982 661 1031">Half Round Sunburst</p>	 <p data-bbox="1165 982 1323 1006">Circle Sunburst</p>	<p data-bbox="1417 1023 1743 1063">*Top louver of angle top might be fixed as shown below</p>
 <p data-bbox="220 1258 325 1307">Eyebrow Sunburst</p>	 <p data-bbox="829 1258 1018 1282">Hexagon Sunburst</p>
