Specialty Shutters*

Specialty shutters are made of Premium Basswood & Hardwood, finished to match the look of all Norman shutters. Templates are required if it is an imperfect specialty. Delivery time is 8 weeks from confirmed date for all specialty shutters. Please refer to Specialties and Template Requirement sections for details.

- * All frames for specialty shutter will be made as solid frames (not with insert). However, if there is a regular shutter below a specialty shutter and the frames for both shutters are separated by a divider strip, then the top frame will be made as a solid frame but the bottom frames will be made as regular frames with inserts. If the top frames and the side frames are not separated by a divider strip, both side frames and the bottom frames will be made as solid frames.
- * Rope L Frame is not available for Specialties.
